Director's Statement

Something Blue is an ultra-low-budget movie filmed in eleven days and shot entirely in Polk County, Iowa, where I grew up. A friend with whom I co-founded the Iowa Scriptwriters Alliance helped produce, a theater professor friend helped cast the movie, two dear friends played supporting roles, high school friends were extras and my mom catered. We shot on my family's century farm, in my hometown and in a favorite local restaurant established the month my parents were married. Everybody involved in the production is an Iowan and/or attended my alma mater, Drake University.

We hope you enjoy the film.
